

Printing on Glass, Sign Africa Expo 2011.

How to survive with a printing shop when LED and LCD take over signage:

What YOU can still print to stay in business (and prosper)

This lecture will be presented by Dr Nicholas Hellmuth, at Sign Africa, in the last week of August, in Johannesburg.

Nicholas will also speak at the Sign Africa expo [on innovative new inks](#) , including from Jetbest, Sepiax, and Hongsam.

Dr Hellmuth is discussing with IPEX Middle East to possibly speak at their new expo in mid-November. IPEX Middle East replaces SIM. This is in Abu Dhabi.

FLAAR Reports takes pleasure in announcing that Nicholas will be speaking at the Sign Africa Expo Conference about "Printing on Glass: Discussion of workflow and many kinds of ink that work on glass".
